

Safety Data Sheet
according to Regulation (EC) No 1907/2006

Revision date: 09.12.2017

Vestige c-lab putty 85
Ref. 2L1000

Page 1 of 3

1. Identification of the substance/mixture and of the company/undertaking

- 1.1** Identification of the substance or preparation: **Vestige c-lab putty 85**
- 1.2** Use of the substance or preparation: for dental lab use only
- 1.3** Company/undertaking identification:
- | | |
|------------|--------------------------------|
| Street: | TRAYART srl |
| Place: | Via Paiette, 13/Q |
| E-mail: | 35040 Castelbaldo (PD) - Italy |
| Telephone: | Info@trayart.it |
| Internet: | +39 0425546515 |
| | www.trayart.it |

2. Hazards identification

- 2.1** Classification
This mixture is classified as not hazardous according to EEC directive

3. Composition/information on ingredients

- 3.1** Chemical characterization
Polymer preparation and compounds

4. First aid measure

- 4.1** Contact with skin: wash immediately with water and soap
- 4.2** Contact with eyes: rinse immediately with water and seek medical advice
- 4.3** Ingestion: consult physician
- 4.4** Inhalation: not applicable

5. Fire-fighting measures

- 5.1** Suitable extinguishing media
Water fog, Extinguishing powder. Sand. Foam. Carbon dioxide (CO₂)
- 5.2** Extinguishers not to be used: none in particular

6. Accidental release measures

- 6.1** Personal precautions: wear protective clothing.
- 6.2** Environmental precautions: do not empty into drains or the aquatic environment.
- 6.3** Wipe up with absorbent material (eg. cloth, fleece). Clear contaminated area thoroughly.

7. Handling and storage

- 7.1** Handling precautions: No special precautionary measures are necessary
- 7.2** Storage conditions: ensure adequate ventilation, keep in a dry place at a temperature between 5° to 27°C (41-80°F)

8. Exposure controls/personal protection

- 8.1** Exposure limit values: none
8.2 Exposure controls:
Protective and hygiene measures: when using do not eat, drink or smoke.
Hand protection: tested protective gloves. Suitable material: nitrile rubber.
8.3 Respiratory protection: no risk.
8.4 Eye protection: safety glasses are recommended.
8.5 Skin protection: no special protection are required.

9. Physical and chemical properties

- 9.1** Physical and chemical properties
- | | |
|-----------------------------|--|
| Physical state: | High viscosity paste (putty consistency) |
| Colour: | white/grey – |
| Odour: | characteristic |
| Ph value (at 20°C): | not applicable |
| Water solubility 8at 23°C): | insoluble |
| Density: | 1,65 g/cm ³ |
| Boiling point | > 400°C |

10. Stability and reactivity

- 10.1** Stable under normal conditions
10.2 Further information: no special measures are necessary

11. Toxicological information

- 11.1** Acute toxicity
LD50:>2000 mg/Kg (Rat.)
(Derived from products with similar composition)
11.2 Irritant effect on the skin: not an irritant
11.3 Irritant effect on the eyes: irritant

12. Ecological information

- 12.1** Do not release the product into the environment

13. Disposal considerations

- 13.1** Advice on disposal
Can be burnt together with household waste in compliance with official regulations in contact with approved waste disposal companies and with authorities in charge.

14. Transport information

14.1 Not a hazardous material with respect to these transportation regulations.

15. Regulatory information

15.1 In application to the D. Lgs March 14th 2003, N.65 "Implementation of the directives 1999/45/CE and 2001/60/CE related to the classification, to the packaging and labelling of the dangerous substances", the preparation is not dangerous.

16. Other information

16.1 The above information is based on our present knowledge at the release date. The information is intended to to give a guidance about the safe handling with respect to the specific use intended and it doesn't constitute a guarantee.
This Safety Data Sheet cancels and replaces any previous issue.
